REGULATORY INSPECTIONS REPORT

Report of: SSA Stephen G. Lawrence,
2257 Regulatory Inspections Unit, Crimes Against Children Unit,

Report Date: 06/12/2007
File Number: [REDACTED] (F) -Deadmen

PRODUCER INFORMATION

An inspection was conducted of Dead Men Hanging Productions pursuant to Title 18, United States Code Section 2257 (18 U.S.C. §2257) and Title 28, Code of Federal Regulations Part 75 (28 C.F.R. Part 75). The inspection was conducted on 03/13/2007 at Dead Men Hanging Productions, 958 Postal Way, Unit 4C, Vista, CA 92083. [REDACTED], owner and Custodian of Records for Dead Men Hanging Productions, cellular telephone number [REDACTED] granted access and was present throughout the inspection.

INSPECTION SUMMARY

One movie produced by Dead Men Hanging Productions was downloaded from the internet to a DVD via streaming video. A contract inspector reviewed the DVD, as well as one banner photograph printed from a link on the Dead Men Hanging Productions website, and identified all performers by stage name or by still photographs taken from the DVD and banner photograph. A total of 12 performers were identified as appearing in the DVD, and one performer was identified as appearing in the banner photograph from the link on the Dead Men Hanging Productions website. Prior to the inspection, the contract inspector printed several still photographs of each performer's face from different camera angles. During the inspection, the still photographs were compared with the performer identification on record to ensure the identification was, in fact, of that performer.

The streaming video downloaded from the internet to a DVD did not contain the required 2257 information. However, during the course of the inspection, the contract inspector requested and was provided with a retail copy of the DVD for the movie that was downloaded via streaming video. The contract inspector determined that the retail copy of the DVD contained the required 2257 information in the proper format. The exact cause for the omission of the 2257 information on the streaming video could not be determined, nor could it be determined if the omission was caused by the unrelated third party distributor prior to downloading to possibly save bandwidth and facilitate the streaming process, or if the omission occurred due to a technical error during the actual downloading process. Since Dead Men Hanging Productions was able to provide a retail copy of the DVD with the required 2257 information in the proper format, no finding was issued for this matter. After the inspection on 03/13/2007, it was determined Dead Men Hanging Productions had no

2257 violations.

During this inspection, all provisions of 18 U.S.C. §2257 guidelines were followed by the inspection team.
